**AVAILABLE WORLDWIDE**

**Million Dollar Car** 1 x 60

For years, popular automobile companies have been manufacturing and selling electric and hybrid cars. But is there a long-term future for these eco-friendly automobiles? This program documents the companies and offers new intriguing stories of how the BMW Group is reinventing the automobile — a new fully sustainable approach to electric mobility that will change the way we travel in cities.

**Available worldwide excluding Germany, Austria, Switzerland**

--

**Deadliest Catch** Series 10, 15 x 60 & 1 x 120

The multiple Emmy® Award-winning series returns for a landmark 10th season. Josh Harris is back as captain and owner of his father’s boat, the Cornelia Maria. But will he be able to continue his dad’s legacy and create one of his own? There are also big changes on the horizon for the FYW Northwestern. Embarking on her last journey, Sig Hansen’s 11-year-old daughter Mandy joins the ranks as deckhand. In a profession typically dominated by men, Mandy has a lot to prove. While the wary veteran skippers count their losses on the Bering Sea, the young guns begin to create their own season.

**How It’s Made: Dream Cars** Series 2, 10 x 30

Picture your dream car. Maybe it’s a Bugatti Veyron, an Alfa Romeo 4C or a California SL. Have you ever wondered just how these incredible cars were made? In the latest instalment of this series, the team travel around the world to the backrooms of your favorite cars. Each episode reveals the car’s workings and glorious secrets. It’s also a behind-the-scenes visit to their factories and test labs.

**MegaSpeed** 6 x 60

It’s all about the speed for speed — how it’s found, how it’s used, and how price-speed trade-offs will pay for itself. This includes the ultimate supercar which changes the way cars are built, the two-door California Top Fuel champion, and one of the fastest women in the world, as well as a look at the most daring racing car ever, the world-record-breaking dune buggy. This series continues to reveal the latest and greatest in speed and power.

**Available in the U.S.**

**American Muscle** 8 x 60

Legendary car coach Mike Barnes takes orders from people, which is why he started his own business after working for some of the world’s biggest sports teams. Mike and his team train everyone from NFL players to Wild West bulldog riders, while still having plenty of time to play serious pranks on each other during worldwide travel in Feb 2019.

**Buying the Beach** 16 x 30

Life on the beach can be paradise, and that’s what these homeowners want. The Beach Showcases properties on some of the most beautiful beaches around the U.S., from private islands to small condominiums.

**Premieres in late 2019**

**How the Universe Works** Series 3, 8 x 60

How is the universe put together? How does it actually work? Nanometre Mike Rowe walks us through the inner workings of our planet, the solar system, the galaxies and universes. This series investigates the nuts and bolts of our cosmos, exploring a range of fascinating celestial phenomena and how they came to be the way they are.

**Available worldwide in late 2019**

**Man Vs. the Universe** 3 x 60

Man has long had the ability toRemote the cosmos but today humans are taking huge steps to claim space for their own design, evolution and survival in what is becoming a new race for space. In a three-part special, three teams fly to the Moon at the innovation high-tech space private companies, and scientists are doing to occupy Mars, meet the moon’s fertile grounds and learn adrenalin from destroying the Earth.

**Available worldwide in late 2019**

**Gunslingers** 6 x 60

Throughout the 19th century, the territory west of the Mississippi was a rough place, clawing with outlaws, rustlers, thieves, and bounty hunters, and the few lawmen who protected them had their own unique methods of taking down their opponents. In this thrilling historical series, viewers will see the true stories behind famous icons and legendary conflicts of the Wild West, from Wyatt Earp to Billy the Kid to Jesse James. Gunslingers takes us to the hearts and minds of these men to those who become icons in a wild, wild world.

**Available worldwide in late 2019**

**Redwood Kings** 7 x 60

Uncover the artistry that goes into turning reclaimed redwood trees into hand-crafted, one-of-a-kind, creative works of art. Twin brothers and free-spirits Ron and John Daniels are the proud owners of their family-owned Daniels Wood Land, creating carvings of animated characters, feature film and theme park facades, and even custom play houses and tree houses. Keeping every project on schedule is no easy task, but Dave’s crew of 40 carpenters, designers, artists and engineers pull off jaw-dropping specimens of art.

**Available worldwide in late 2019**
