

SPORTS INSIDERS

The most important achievements in sports, sometimes, are not measured in trophies; they are the recognition of determination, self-sacrifice, passion and dreams.

Over the past 25 years, Eurosport has created a strong bond with a wide and varied selection of sports and athletes. Every Eurosport reporter has had unparalleled access to these champions and their daily routine, and it is through these personal connections and mutual respect that the true story of their lives and achievements becomes clear.

Eurosport's magazine series, SPORTS INSIDERS, is dedicated to unveiling what makes these champions in their sport so special.
