TOUGHEST MILITARY JOBS

4 x 60 / Military Channel / 2009 / ID: 128459

Defending a nation is no easy task. Explore the most difficult and dangerous jobs on land, in the air, at sea and at military bases across the country. What does it take to keep every person safe and all high-tech equipment operating at the highest caliber demanded by the world's most powerful fighting force?

BACKYARD TO BATTLEFIELD

1 x 60 / Military Channel / 2008 / ID: 124258

As the nature of battle continues to change, the U.S. military is working on a new breed of tools. Backyard to Battlefield explores the path inventors take in their garages, basements, dorms and labs as they construct amazing gadgets, vehicles and equipment, all of which will be used by the U.S. armed forces.

FUTUREWEAPONS

Series 1-3: 29 x 60 / Discovery Channel / 2005 / ID: 25150, 25429, 25550

Ex-Navy SEAL Richard Machowicz takes us on a wild ride in his international search to find the latest ultimate weapon. We explore the science and technology that goes into developing these lethal tools - and we'll meet the bizarre characters who devote their lives to inventing new ways to obliterate the enemy.

SHOWDOWN: AIR COMBAT

7 x 60 / Military Channel / 2006 / ID: 120353

Hosted by U.S. Air Force Major Paul "Max" Mogo, *Showdown: Air Combat* recreates some of history's most compelling aerial combat maneuvers with restored aircrafts from every era of airborne warfare. Gain compelling insight into each aircraft's strengths and weaknesses, its place in the evolutionary timeline of design innovation, and the ground-breaking battle tactics employed in each confrontation.

WEAPONOLOGY

Series 1-2: 26 x 60 / 2006 / ID: 120188

Today's battlefield is dominated by hyper-lethal super-weapons. But how did these weapons evolve? *Weaponology* takes a high-tech future weapon and unlocks its family tree, tracing the roots of its existence. Discover what links a 19th Century Scottish pastor to the assault rifle and a seed-planting device to the machine gun.

WEAPONS THAT CHANGED THE WORLD

1 x 60 / Discovery Channel / 2006 / ID: 133110

What ten weapons have truly altered the course of history? Richard "Mack" Machowicz hosts this top ten countdown and gets hands on with many of the weapons. Their history and significance are also discussed by a number of world leading experts.

TWO WEEKS IN HELL

1 x 120 / Discovery Channel / 2008 / ID: 25953

The U.S. Army Special Forces Green Berets are America's unconventional warfare specialists. They are experts in guerrilla warfare and subversion. Candidates must survive a grueling, two-week selection process that includes constant observation and challenging physical and mental conditioning and an interview specifically designed to break each applicant.

CHRIS RYAN'S ELITE POLICE

8 x 60 / Discovery UK / 2008 / ID: 126260

Chris Ryan is an ex-SAS hero embedded with some of the toughest, most sophisticated police forces around the world. This visceral and immersive series features nonstop action from inside of the world's most elite crime fighting units including those in Brazil, Colombia and Mexico.

HEAVY METAL TASKFORCE

Series 1-2: 16 x 60 / Discovery UK / 2008-2011

Heavy Metal Task Force features some of the most amazing machines on the planet and their specialist crews, taking on the most incredible and difficult engineering challenges. From rescuing a passenger ship in frozen arctic waters to transporting fully assembled Airbus A320 wings, each episode features three different missions.

SCIENCE OF THE ELITE SOLDIER

1 x 60 / Military Channel / 2009 / ID: 128162

Get the inside scoop on Land Warrior, an advanced infantry technology that is putting state-of-the-art navigation and communication in the hands, and on the backs, of American soldiers. Science of the Elite Soldier gives an in-depth look into the function of the system and follows the 5-2 Infantry brigade as they prepare to deploy to Afghanistan with Land Warrior.

TOP SNIPER

5 x 60 / Military Channel / 2007-2008 / ID: 123501, 125892

Each year the Sniper School at Ft. Benning, Georgia holds a competition designed to bring the world's elite sniper teams together and give them the most realistic training available. From intense urban firefights with grenades and machine gun fire, to night helicopter insertions, the line between competition and combat begins to blur.

ULTIMATE WEAPONS

6 x 60 / Military Channel / 2008 / ID: 126980

Ultimate Weapons is a high-octane look at the ultimate in modern weaponry. Witness the power of cutting-edge weapons with in-depth analysis and count down to what some believe are the best in sniper rifles, tanks, artillery and robotic warriors. Understand what makes them the ultimate weapons in their class.

AT SEA

3 x 60 / Military Channel / 2013 / ID: 127637

Today the U.S. Navy is responsible for a wider array of missions than ever before and is in the midst of making radical technological advances that will change the way they protect the seas. At Sea takes an in-depth look at the men, women and technology that make the U.S. Navy the most powerful maritime force on Earth.

CRASHES THAT CHANGED FLYING

2 x 60 / Discovery Channel / 2008 / ID: 25942

Ten landmark air accidents shaped the future of flying – today's safest form of travel. Recount the ripped fuselages, exploding fuel tanks and runway overruns that triggered engineers to painstakingly pinpoint the causes and encouraged them to invent crucial safety improvements. These technological breakthroughs have caused air accident rates to drop by 65% in the last 20 years.

FEATS OF VALOR

1 x 60 / Military Channel / 2009 / ID: 127596

Featuring three incredible acts of courage, *Feats of Valor* celebrates the remarkable heroes, of the Vietnam War, Korean War, and WWII, who risked their lives to save their fellow soldiers, receiving the Medal of Honor for their bravery and sacrifice.

MISSION DEMOLITION

3 x 60 / Military Channel / 2009 / ID: 127597

Mission Demolition follows a class of soldiers enrolled in the U.S. Army's ultra-intense combat engineer Sapper Leader Course, one of the toughest most arduous elite soldier training schools in the military. Can the candidates survive demolition, mountaineering, airborne and waterborne operations, as well as foreign weapon exercises, land navigation and contingency threat training?

ULTIMATE WARFARE: LOCKED AND RELOADED

10 x 60 / American Heroes Channel / 2013 / ID: 143330

Ultimate Warfare takes viewers on a totally immersive journey that portrays real-life combat from the soldier's-eye-view of battle. From battlefields of wars past and present, the series documents the most decisive modern military battles from the first-person perspective of the servicemen who lived to tell the tale, and combines authentic battlefield footage and highly stylized recreations with CGI and cutting-edge graphics.

MANHUNT

7 x 60 / 2013 / ID: 139135

Former Navy Seal Joel Lambert against the world's most elite military and law enforcement tracking teams. With only what he can carry on his back, Joel plays an extreme version of hide and seek in unknown and treacherous terrain as he attempts to evade capture in 48 hours or less.

REVEALED: NATIONAL DEFENCE ACADEMY

1 x 60 / Military Channel / 2012 / ID: 137217

At the crack of dawn, the campus of the National Defence Academy comes alive. Columns of cadets charge out to the Quarter Deck chanting their drill commands. The chorus resonates across the stillness of the campus. India has the third largest Army, fourth largest Air Force and the seventh largest Navy in the world. This is the world's first tri-service training academy that creates gentlemen and warriors. Welcome to the NDA. The National Defence Academy is a premier training institute for building a strong foundation for future leaders of the defence forces. Khadakwasla, a suburb of the city of Pune, houses the NDA, the cradle for leadership. Originally, Dehradun was suggested as the site for the creation of the Academy. But this was changed to Khadakwasla. This is the story of 5 cadets as they make their way through the final term of NDA to become officers and gentlemen.

BULLET POINTS

5 x 60 / Military Channel / 2012 / ID: 137363

Each action-packed episode of *Bullet Points* dives into history's most important battles to learn their larger significance to the outcome of the war. Through a combination of narration, top expert analysis with cutting-edge computer generated imagery, eyewitness accounts and archival footage, witness the fast-paced, riveting version of how wars are won.

CIA BLACK OPS

1 x 60 / Military Channel / 2012 / ID: 140052

They are known as the tip of the spear—the CIA's Special Activities Division. They are the elite operators tasked with carrying out the agency's most classified missions. Now former CIA operatives shed light on some of the CIA's blackest operations.

FOREIGN SPECIAL OPS

1 x 60 / Military Channel / 2012 / ID: 140054

Around the world, Special Operations forces form an elite brotherhood. They are the tip of the spear in the war on terror. Spanning the globe, we go deep inside the Tier One assets that rival the training and experience of US Navy SEALs and Delta Force. We take you behind the closed doors of the British SAS, where 'who dares, wins' takes on some of the most difficult operations in Special Forces history.

FUTURE FIREPOWER

3 x 60 / Military Channel / 2012 / ID: 26549

Buckle up for an amazing journey through the world's most advanced weapons laboratories. See, hear and feel the latest technology with the weaponry of future flight. The lab brings you lasers, ray-guns, super-fast electric missiles, machinegun toting robots, flying Humvees and much more.
