**Rock Stars of Urban Art**

Produced by FMP Maloma GmbH / 2012

Hadnet and Lars travel the globe to track down and challenge the world’s best graffiti artists. Hadnet, a TV presenter and radio DJ, knows the ins and outs of the graffiti scene while Lars, an artist in his own right, has published a book about graffiti art. Together, the duo go off the beaten path to track down young, sizzling artists in six cities worldwide. At each location, they have only four days to find and persuade the best local graffiti artists, celebrities and local urban design icons to take part in their unique Graffiti Project.

**Prophets of Science Fiction**

Produced by Scott Free / 2010

What once was just imagination is now real; what was once the distant future is now around the corner. The science of the future was strangely prophesied by a group of authors, illustrators, filmmakers and scientists whose dreams once may have deemed them renegades and mad scientists. Prophets of Science Fiction is a biographical exploration of eight science fiction visionaries, including Arthur C. Clarke, HG Wells and Isaac Asimov, and how their early predictions eerily predicted the future.

**Discovery Enterprises International (DEI)**

returns to MIPCOM 2011 with a continued passion to satisfy curiosity. With over 1,400 hours of original HD programming available for license, DEI is proud to present our Fall Program Sales catalog. Available for pre-sale or co-production opportunities, the series **Rock Stars of Urban Art** follows Hadnet and Lars as they travel the world in search of the finest graffiti artists. Join these urban visionaries as they explore the street art scenes and challenge the local artists to create graffiti murals that are just as gritty and avant-garde as they are themselves. Venture to Puerto Rico, New York, LA and Paris as they meet with local artists, musicians, and celebrities that inspire and commission these amazing works of art.

From the visionary mind behind Blade Runner and Alien, comes **Prophets of Science Fiction** which reveals the secrets of the visionary minds of science fiction’s founding fathers. Episodes include an intimate look into the minds of legendary figures including Isaac Asimov, Gene Roddenberry and Jules Verne to examine how their work often inspired future discoveries decades before they took place. In addition to the compelling content available from our Discovery Networks, DEI is also the exclusive distributor of nearly 130 hours of 20th-century history programming from Russia 1 and TV Cultura. We invite you to stop by the booth to meet with one of our sales directors to learn more.

**Whale Wars**

Seasons 1 – 4, 42 x 60 / Produced by Lizard Trading Productions, Inc. / 2008 – 2011

Captain Paul Watson and the Sea Shepherd Conservation Society return for a new adrenaline-fueled season, waging a life-and-death battle to find and stop Japanese ships from hunting whales in the name of research. Labeled activists and heroes by some and eco-pirates by others, Watson and crew aim to eradicate whaling and alleged ocean-law violations.

**Alaskan Monster Hunt: Hillstranded**

Produced by Original Productions, LLC / 2010

Johnathan and Andy can usually be found in the icy, dangerous Bering Sea hunting for crab. Now the Deadliest Catch captains return to their hometown of Homer, Alaska for a very different kind of hunt – to investigate sightings of Alaska's answer to the Loch Ness Monster. The brothers venture out to sea to track down the unusually shaped long, eel-like creature that is clearly depicted in local video evidence shot by Bristol Bay salmon fisherman Kelly Nash.

**Deadliest Catch**

Seasons 1 – 6, 82 x 60; After the Catch 20 x 60; Best of Seasons 1 – 6, 6 x 120; Behind-the-Scenes, 4 x 60; Captain Phil Harris Remembered, 1 x 60 / Produced by Original Productions, LLC / 2004 – 2010

The Emmy®-winning series Deadliest Catch returns for a sixth season, taking viewers deep into the Bering Sea with five skippers and their crews through the two toughest fishing seasons in the world – red king crab and opilio crab. This year, there's a fracture in the Bering Sea brotherhood. Phil Harris' passing forever alters the lives of his sons, crew and viewers.

**SCARIEST MOMENTS AT SEA**

Produced by Original Productions, LLC / 2010

Harrowing rescues, fiery decks and violent weather are part of everyday life for a crab, lobster or sword fisherman. Take a look at America’s three most perilous fisheries and the most thrilling footage ever captured at sea. Each fishery faces unique challenges to catch their prey – but every one of these fishermen share loads of courage and a reckless hunger for adventure and gain.

DEADLY DESCENT
1 X 60
PRODUCED BY PYBURN FILMS / 2010

Scientists are convinced that caves hold the answers to solving some of mankind’s biggest challenges, such as clues to global warming and revolutionary new medical cures. Travel with an elite group of underground explorers on an amazing journey as they risk their lives in the name of science, discovering a world of danger deep below the Earth’s surface.

SOLE SURVIVOR
1 X 60
PRODUCED BY GURNEY PRODUCTIONS, INC. / 2010

When disaster strikes, what makes the difference between those who die and those who survive? Sole Survivor examines some of the most extreme and dramatic cases of survival to understand just what it takes to get on your own. When Tom Wilson’s small plane crashed into a mountain and killed three others on the island off the coast of Vancouver, a series of chance events and Tom’s quick thinking enable him to make the only escape but with his life. When Anna Allen, her boyfriend and six others were buried alive in an avalanche, luck and determination enabled Anna alone to survive the five days until rescue.

DUAL SURVIVAL
10 X 60
PRODUCED BY ORIGINAL PRODUCTIONS, LLC / 2009

Experts agree there are some very basic, and universal, rules for surviving in the wild – find shelter, find water, find food and find help. Military-trained Dave Canterbury and naturalist Cody Lundin take on some of the planet’s most unforgiving terrain to demonstrate, in their own way, how the right skills and some creative thinking can keep you alive.

MAN VS. WILD
SEASONS 1 – 5, 63 X 60
PRODUCED BY DIVERSE PRODUCTIONS / 2006 – 2010

As one of Discovery Channel’s signature series, Man vs. Wild does not fail to offer intrigue and adventure. Each episode finds the host as he strands himself in popular wilderness destinations where tourists often find themselves lost or in danger. Once there, he finds his way back to civilization, demonstrating local survival techniques – and biting into gut-wrenching eats – along the way.

MAN, WOMAN, WILD
10 X 60
PRODUCED BY RENEGADE 83 / 2009

Myke Hawke, a former Special Forces survival expert, and his wife take on some of the most forbidding and remote locations around the world. They must survive as a team for four days and nights, with only a knife and the clothes on their backs, in their own way. Once the right skills and some creative thinking can keep you alive.

STORM CHASERS
Seasons 1 – 3, 24 X 60; 3 X 120 Greatest Storms Specials / Produced by Original Media LLC / 2008 – 2010

With storms bigger than ever, a team of extreme meteorologists and other storm chasers cruise Tornado Alley in the heartland of America to gather data about nature’s most mystifying storms. With a goal of advancing tornado science, our teams are on the scene in their armored chase vehicles putting themselves in harm’s way to record data in order to improve early warning systems and save lives.

RISING: REBUILDING GROUND ZERO

Produced by KPI / 2008 – 2011
This six-part series is the definitive chronicle of Ground Zero’s rise from the ashes, as seen through the eyes of those who are making it happen. From the architects to the steelworkers, people at all levels of this project understand it’s more than a job – it is the single most important architectural endeavor in American history. Those making it will become our personal window into the most scrutinized construction site in the world as it will not only ultimately stand as a monument to the limitless potential of architecture and engineering, but of patriotism, pride and a nation’s ability to heal.

KILLING BIN LADEN

1 X 60
Produced by Peacock Productions

It was the announcement that shocked the world. Osama Bin Laden, mastermind of the 9/11 attacks, was dead after a nearly 10-year manhunt. Join us for an intimate account of the Bin Laden operation – from the time the crucial intelligence was gathered through the burial at sea. Explore the drama of the planning and execution of the operation through the eyes of Seal Team 6.

RESCUED: THE CHILEAN MINE STORY

1 X 60
Produced by Pacha Films S.A.C.

It was one of the greatest rescues that the world had ever seen – 33 miners, trapped 2,300 feet below the ground in Copiapó, Chile. None, we go inside the complex with the brave leaders, engineers, and media that made it happen. One of the most daring and difficult rescues ever, the miners survived their 68 days of captivity.

DISASTER IN THE GULF: A RACE AGAINST TIME

1 X 60
Produced by Scott Stewart Productions, Inc.

Take an exclusive, behind-the-scenes look at the engineering efforts used to stop the oil spill in the Gulf of Mexico, the worst environmental catastrophe in U.S. history. This journey includes never-before-seen footage of the elite specialist teams at work inside the BP Hive.

BOOMTOWN

5 X 30
Produced by Left/Right

In an illustration of what’s happening in small towns across America, many of the land owners of Parshall, North Dakota are transformed from ordinary folks into millionaires as oil is found beneath the wheat fields. But not everyone gets rich quick, and not everyone thinks this new development will end well for the residents of the town. Boomtown reveals how the U.S. oil and gas industries are exploiting every option on American soil – but at what cost?

9/11: AFTER THE TOWERS FELL

1 X 60
Produced by Towers Productions, Inc.

When the Twin Towers collapsed on September 11, 2001, thousands were feared trapped beneath the tons of steel and rubble. After the Towers Fell, the world stood in shock as the lives of the survivors were forever changed. In the aftermath of the Towers’ collapse, the men and women who successfully saved the innocent and the injured recount their harrowing experiences on the windows of New York New Yorkers.

Colliding Lives pieces together the amazing story of heroism shown by four men who saved the lives of over 70 people on 9/11. Two made it out alive carrying an 89-year old man just seconds before the tower collapsed. The other two perished. This story begins with the lives of the survivors and those who rescued them, this is the personal view of 9/11 as it has never been seen before.
It’s been a wild ride for the Teutuls, who are no strangers to family conflict. Last season, the relationship exploded when Paul Senior fired Paul Junior from Orange County Choppers (OCC). Once partners, they are now fierce competitors at contending motorcycle shops. Paul Senior focuses on cutting-edge technology while Junior taps into OCC’s roots, building more traditional creations.

HD available for seasons 2 – 6 and Senior vs. Junior.

Ten landmark air accidents shaped the future of flying – today’s safest form of travel. Recount the ripped fuselages, exploding fuel tanks and runway overruns that triggered engineers to painstakingly pinpoint the causes and encouraged them to invent crucial safety improvements. These technological breakthroughs have caused air accident rates to drop by 65% in the last 20 years.

Viewers peel back the wraps on towing. It’s gritty and violent on the streets of Philadelphia. Experience all the excitement with successful tow-truck operators, Mickey and PJ, whose lives are filled with constant conflict, high-speed chases and scanner noise.

In April 2010, Britain’s greatest warship, HMS Ark Royal, departed for a six-month deployment. The aircraft carrier weighs a hefty 20,000 tons and is 700 feet long. Our camera crew captured the daily lives of the 1,200 crew members and how they keep the mammoth ship operational.

On April 20, 2010, the explosion of the Deepwater Horizon oil rig left 111 people dead and devastated the culture and spirit of Gulf Coast businesses and residents as 200 million gallons of oil gushed into the Gulf of Mexico. Together Animal Planet and Emmy award-winning filmmaker Joe Berlinger track the lives of Louisianans living in the aftermath of the largest offshore oil spill in American history.

Produced by Powderhouse Productions, Inc. / 2008 – 2010
Host Danny Forster is back in the final season of Build It Bigger where he traverses the globe examining jaw-dropping and life-altering feats of engineering. Forster, a Harvard trained professional architect, brings viewers inside the planet’s most astounding and innovative engineering projects. From London’s Olympic Aquatic Stadium to New York’s subway to the Sava River Bridge in Serbia, each project not only dramatically changes the city’s infrastructure but also improves life for the city’s inhabitants.

CONSTRUCTION INTERVENTION
10 X 60
PRODUCED BY MANCINI 25 / 2009
Follow New York City construction genius and tough guy Charlie Frattini and his crew as they tackle real-life property improvement nightmares. What happens when the work goes unfunded and the owners are left abandoned by the contractor? With a tough-love approach, Charlie pushes the team to finish the job and discover what they’re capable of accomplishing.

BREAKING POINT
6 X 60
PRODUCED BY FIREFLY / 2006
We think our world is safe – most of the time it is. But given the wrong circumstances the objects we surround ourselves with – trucks, houses, boats – can be lethal. The Breaking Point team, led by a theoretical engineer and a hands-on mechanic, subjects these familiar objects to a barrage of attacks. This process culminates in spectacular destruction in a battle because no matter how well engineered and safe they seem – everything has its breaking point.

BLACK OPS BROTHERS: HOWE & HOWE TECH
6 X 60
PRODUCED BY AUTHENTIC ENTERTAINMENT / 2009
Follow the family business of identical twin brothers, Mike and Geoff Howe, as they design and build the coolest machines you’ve ever seen: from high-speed military tanks to supercharged subterranean rovers. No idea is “too crazy,” but the success or failure of each invention could make or break their small shop on the verge of huge success.

DEAN OF INVENTION
8 X 30
PRODUCED BY @RADICAL MEDIA / 2010
Dean Kamen has been hailed as a modern-day Thomas Edison – acclaimed as the greatest inventor of our time. He is a billionaire who controls his own island, flies his own jets, pilots his own helicopters and even owns a house with secret passages and laboratories filled with top-secret technology. Kamen created the Segway so we could travel short distances without using absurd amounts of fuel. He created the “Luke Arm” so people who have lost their hand can grip objects anew. Kamen is on a quest to find the next scientific breakthroughs that will improve life for all mankind.

HOW DO THEY DO IT
SEASONS 5 – 7, 60 X 30
PRODUCED BY WAG TV / 2007 – 2009
We rarely consider many of the objects that make up the modern world – elevators, carpets, helicopters, breast implants, streetlights and more. Go behind the scenes to discover how to do the things and make the things that form our modern world.

AMBA – THE RUSSIAN TIGER
1 X 60
PRODUCED BY MIKE BIRKHEAD ASSOCIATES 2006 – 2008
Wildlife cameraman Gordon Buchanan heads to Ussuriland in Eastern Russia in search of the Russian tiger. Ussuriland, with the world’s largest population of tigers, is one of the last remaining habitats for the worlds’ largest feline. With the help of Anatoly Petrov, one of the few people who has seen a wild tiger, Gordon sets out to film the tiger of the Russian Far East.

ECHO AND THE ELEPHANTS OF AMBOSELI
13 X 30
PRODUCED BY OFF THE FENCE / 2008 – 2009
In Southern Kenya, Echo is the matriarch of her herd and must guide four generations of her relatives through a famine. She must protect them from lion attacks, natural calamities like deadly mud traps and keep them away from angry Maasai farmers. Observing her are American scientist Cynthia Moss and her team from the Amboseli Trust for Elephants.

CREATURES OF DARKNESS
1 X 60
PRODUCED BY CRAIG COFFMAN PRODUCTIONS, LLC / 2010
Creatures of Darkness takes viewers on a journey to explain how the intrepid and exotic creatures that live in the deep pelagic zone not only survive, but also thrive. Based on new discoveries, scientists also explain and illustrate what these animals are revealing about a new and vital habitat, a region they believe urgently demands exploration and study.

KILLER WHALES
1 X 60
PRODUCED BY PANGOLIN PICTURES / 2009
Orcas rule their world with incredible strength, speed and above all, intelligence. Not even the great white shark is safe when a killer whale is in the hunt. Now, new research looks at the most mysterious behemoth of the sea, including new evidence that killer whales are evolving right before our eyes. It’s time to meet the ocean’s greatest predator.

SWARM CHASERS
1 X 60
PRODUCED BY OXFORD SCIENTIFIC FILMS / 2010
Some of the most terrifying and awe-inspiring events in the natural world are due to a phenomenon that can turn even the most innocuous creatures into killers – the instinct to swarm. Our team of scientists head into a plague of rats and a swarm of locusts to experience their devastating power and discover what makes them transform organisms into fear-inspiring and deadly mobs.

THE UPRISING
1 X 120
PRODUCED BY KPI / 2009
From feral dogs to cougars, tigers to crocodiles, even reefs, to pythons, monkeys to elephants – species from across the globe seem to be demonstrating increasingly violent tendencies towards humans. Are these attacks random acts or part of an emerging pattern? Narrator Richard Briers examine compelling examples of animal aggression and begs the question – is the animal kingdom out for blood?
IN 1991, 11-YEAR-OLD JAYCEE LEE DUGARD was kidnapped by a man and woman in a grey sedan while walking to the bus stop. On August 26, 2009, authorities discovered Jaycee had been held captive – not far from her family home. Phillip Garrido, a paroled rapist and kidnapper, and his wife, Nancy, abused and impregnated Jaycee, while hiding her in a shed in their backyard. Now, the Garridos await trial and Jaycee has been reunited with her mother and sister, and the family, which now includes Jaycee’s two daughters.

NATALEE HOLLOWAY: LOST IN PARADISE

Natalee Holloway’s story involves a sudden and tragic disappearance, a missing body and a lack of concrete evidence. Further, an overzealous American media may have obstructed the judicial process. Five years after Natalee disappeared, Joran van der Sloot, the main suspect in her case was suspected of murdering a young woman in Peru. Could her death lead to answers about Natalee?

I WAS CONNED!

From Wall Street to Main Street, con artists prey on people’s trust and manipulate their victim’s desires to get what they want. I Was Conned! reveals the lies behind these scams…and shows how almost anyone anywhere can fall victim.

RIP-OFF

Uncover new revelations behind the brutal murders of two prestigious university professors. The stories are different, but the motive is always the same: to stay out of prison. Discover what it’s like to live on the run, as 13 different fugitives share their personal strife. How did they survive and how close were they to escaping the law?
ON THE CASE
Seasons 1 – 2: 26 X 60
Produced by Scott Sternberg Productions, Inc.
2009 – 2010
Did a former beauty queen murder her husband? Who killed the college coed in her dorm room? A woman asks her husband for a divorce but he has a very different plan for how to end their marriage. On the Case takes viewers inside the most fascinating crime and mystery investigations. First person accounts, along with insight from experts are featured, as each case reaches its dramatic conclusion.

SOLVED
SEASONS 1 – 2: 30 X 60
PRODUCED BY DISCOVERY CHANNEL
Solved presents the career-defining and sometimes life-changing cases of police officers and FBI agents. A mysterious homicide case unfolds through first-person accounts from America’s elite law enforcement officers. Forensic analysts, crime scene technicians, crime scene photographers, and forensic pathologists provide insight into each case.

ESCAPED
10 X 60
PRODUCED BY NORTH PRODUCTIONS, 2009
Witness true stories about people who’ve been held captive, imprisoned and caged, and how they escaped to freedom. Experience captivity through the eyes of a young boy who was able to escape his bone-breaking captor, and a young Russian woman who found herself a pawn in a sex trafficking ring.

UNDERCOVER: DOUBLE LIFE
13 X 60
PRODUCED BY TONIN PRODUCTIONS / 2009
Every undercover agent has a unique story to tell of “going native.” This series uses firsthand participation from agents around the United States to explore criminal organizations such as the neo-Nazis, the Mafia and the Colombian drug cartel. It delves into each group’s underbelly, experiencing it up close and personal through the eyes and ears of the people who have lived and breathed it.

DISAPPEARED
13 X 60
PRODUCED BY PEACOCK PRODUCTIONS, NBC / 2009
Disappeared is a gripping series focusing on missing person cases. Each hour delves into one story, tracing the time immediately before the individual vanished for critical clues about the disappearance. Often hidden beneath seemingly normal behavior and actions are hints about what may have driven someone to voluntarily vanish or evidence that foul play may explain the mystery.

THE SHIFT
SEASONS 1 – 2, 26 X 60
PRODUCED BY LUCKY RABBIT MEDIA / 2009 – 2010
Follow Indianapolis’s all-star team of homicide detectives as they work around the clock to close cases, put murderers away and maintain high solve rates. They hunt down suspects and put their lives on the line to bring justice to the victims.

AMERICA’S SECRET SEX LIFE
1 X 60
PRODUCED BY PIONEER FILM & TELEVISION PRODUCTIONS / 2010
Indiana University’s recently published sex survey results have been splashed across international headlines. This is the largest sex survey in America to explore and analyze what Americans really get up to in bed — and with whom. When do they lose their virginity? How many are adulterous? What positions are the most popular?
THE 10 MOST UNBELIEVABLE BIRTHS
[Image -2x-2 to 1685x597]

Drs. Alane Park, Yvonne Bohn and Allison Hill, from Deliver Me, lead us through an hour filled with harrowing and heart-warming tales of human reproduction. The ten shocking stories they selected from Discovery Health’s archives include a young woman who didn’t realize she was pregnant until she delivered, a transgendered couple who accidently conceived against all odds, and the extraordinarily rare birth of twin identical twins.

PARALYZED AND PREGNANT
[Image -2x-2 to 1685x597]

Four years ago, quadriplegic Michelle Carsten beat the odds and gave birth to a healthy baby boy. Now, separated from her husband and sharing custody of their preschool-age son, she’s ready for the next stage of her life – including dating.

BIG KIDS
[Image -2x-2 to 1685x597]

What are the causes, impacts and methods for tackling America’s childhood obesity epidemic? Follow the lives of two obese children, as we chronicle their struggle to embrace different paths toward healthier and happier lifestyles. One child participates in the renowned program of a nationally recognized weight-loss boot camp. The other receives personalized intervention-style counseling from top nutrition and fitness experts in their home.

EMERGENCY LEVEL ONE
[Image -2x-2 to 1685x597]

Welcome to Vanderbilt, the toughest trauma center in America. As the only Level 1 trauma facility for 65,000 square miles, “Vandy” sees the worst injuries and the most critical patients. Faced with everything from car accidents to strokes to multiple gunshot wounds and emergency childbirth, no two days on the job are the same.

TRANSGENDERED AND PREGNANT
[Image -2x-2 to 1685x597]

Meet Kai, a transgender woman turned man, and his wife, a transgender man turned woman. While both were undergoing the transition process, they received the surprise of their lives: Kai was 28 weeks pregnant. Hormone therapy and birth control should have prevented a pregnancy but against all odds, the couple gave birth to a baby boy.

MY SHOCKING STORY 5
[Image -2x-2 to 1685x597]

My Shocking Story documents unusual or shocking medical ailments and conditions from around the world, including a baby with eight limbs, the world’s tallest woman and a man with Proteus Syndrome. Viewers gain insight into the complexity of the human mind and body, and the great skills of the medical personnel who study and treat them.

MONSTERS INSIDE ME

A fourth grade teacher’s liver is being destroyed from within and no doctor knows why. A young dance instructor is crippled before doctors find a huge mass unlike any they’ve seen before. Very different cases with one thing in common – they were caused by parasites – stealthy, cunning creatures that have taken up residence in their unsuspecting hosts.
