From the breath-taking decadence of the largest tree installation on the Vegas Strip to a fragrant fir adorned with over $200,000 worth of carefully collected ornaments, this special takes viewers into the obsessed visions, the intense pressures and ultimately exhilarating rewards of installing a Christmas tree so elaborate, opulent or just plain quirky that it’s worthy of the title, “Extreme Christmas Tree.”

CHRISTMAS LIGHTS

Enjoy a celebration of Christmas lights at various locations across North America. Viewers have a chance to enjoy the spectacular Christmas lights which decorate suburban homes such as Rockefeller Center, the National Mall and Colonial Williamsburg over the festive season.

CRAZY FOR CHRISTMAS

Everyone has their own special holiday traditions; baking cookies, hanging lights, trimming the tree. But some people are so passionate about Christmas, they do and make extraordinary things just to share the spirit of the season. A San Francisco chef built a six-foot-tall, gingerbread replica of the Transamerica building, while in Chicago, a Coast Guard captain revived a seafaring legend to bring joy to the city's children. Once deemed holiday taboos, these Christmas fantasies and their beholders now inspire an unprecedented trend in the festive holiday.

DAZZLING HOLIDAY LIGHTS

Nothing celebrates the spirit of Christmas quite like a blazing display of holiday lights. Whether they’re strung across a front porch or illuminating the Empire State Building, the bright colours and warm glow of these lights bring cheer to all during December’s dark nights. Meet a high school sophomore who covers his home in more than 80,000 lights and go behind the scenes of some fierce neighbourhood lighting competitions. Explore historic hotels whose light displays set the tone for December in New York, Chicago and Las Vegas. Travel to New York, Chicago and Las Vegas to tour the lights of our brightest holiday cities.

INVASION OF CHRISTMAS LIGHTS: EUROPE

It’s an obsession that started in America which quickly spread across the continent of Europe: Christmas light decorating has gone extreme. Christmas light enthusiasts from UK, Italy, Germany, France and Belgium bring the grandeur, excitement and most elaborate lighting to their city streets so that their homes take over their homes and yards. We follow six families as they strive to display ambitious lighting extravaganzas for the holiday season.
