Manhunt: UNABOMBER, follows Jim Fitzgerald, the FBI agent who tracked down Ted Kaczynski aka the “Unabomber” and brought him to justice. A certified genius, Ted was always two steps ahead of the authorities. The person capable of stopping Ted’s reign of terror had to be someone who also thought in an unconventional, even maverick way. Special Agent Jim Fitzgerald was the man for the job. He shunned conventional wisdom and thought outside the box. His trailblazing career would lead him to become one of the most decorated profilers in the history of the FBI and a pioneer in forensic linguistics.
